

## Core documents for valid application:

- Protocol
- Costing information
- Feasibility form
- Sponsorship confirmation
- Funding confirmation
- CVs and GCP\* certificates of study team
- Localised patient information sheets and consent forms
- Signed IRAS\*\* form
- Signed SSI\*\*\* form
- Ethics and any other required regulatory approvals

## How can R&D help me with my research?

The R&D team can provide a range of support for all aspects of your research study, from the initial idea, right through to the final stages of analysis. For example:

- Patient, Carer, Public Involvement and Engagement (PCPIE)
- Grant application
- Research nurse support
- Scientific review
- Statistical review

**R&D also provides a Research Support Service that can help you with:**

- Designing the project
- Completing grant application form
- Ethics
- Finding volunteers
- Study management
- Identifying academic links

*For more information please contact the Research Support Service on 01392 406933 or [l.garcia@nhs.net](mailto:l.garcia@nhs.net)*
